

Entrada at the Santan

Mesa, Arizona

Entrada at the Santan is a mixed use commercial, employment and industrial master plan in Mesa, Arizona, near the Williams Gateway Airport. The property is over 200 acres and is comprised of a mix of retail, commercial, low-rise and mid-rise office, large flex office, light industrial facilities. The property is adjacent to the Loop 202 freeway and planned Williams Gateway freeway, providing superior access and visibility in a high-growth employment corridor.

LVA responsibilities included comprehensive master planning and rezoning services, assistance with public involvement activities, site planning and marketing graphic assistance.

Project Information:

- 216 acres
- Multi-story office buildings
- Office condo development
- Commercial development
- Flex office and industrial facilities
