

Paradise Reserve is an exclusive gate-secured community located along the Phoenix Mountain Preserve bordering Phoenix and Paradise Valley. Custom home sites will be built at the base of the mountain with environmental sensitivity. Careful planning and landscape placement will allow the homes to blend with the natural surroundings while creating striking vistas for homeowners.

LVA's responsibilities included neighborhood meeting coordination, theming and landscape construction documents for the development. LVA was also heavily involved with the salvage coordination of native trees and cacti to reuse on the site.
