

Terravita

Scottsdale, Arizona

Terravita is Del Webb's prestigious mixed use residential golf resort nestled between north Scottsdale and Carefree, high in Arizona's beautiful Sonoran desert. The gated community features a wide range of home and lot sizes, and is designed to preserve, protect and enhance the natural beauty of the desert. Every aspect of the development meets or exceeds Scottsdale's Environmentally Sensitive Land Ordinance.

LVA provided the master planning, environmental analysis, a general plan amendment, rezoning, and site and neighborhood design.
