

The W.L. Gore Business Campus plan is envisioned as an employment/ business campus within the village core of the North Gateway Village of Phoenix. It will provide support and promote growth of W.L. Gore's (a prominent international company) current Arizona headquarters located in Flagstaff, Arizona. The planned campus consists of five research and development buildings as well as a separate employee training center to accommodate business functions.

LVA's responsibilities included entitlement process administration, site design and project design themes. LVA also created the construction documents for the landscape and amenity areas
