

JEFF FARR

Project Manager

LVA, an RVI Company • jfarr@rviplanning.com

PROFESSIONAL BIOGRAPHY

Jeff is an experienced land planner who grew up in Window Rock, Arizona on the Navajo Indian Reservation. He attended Arizona State University and received a Bachelor of Science degree in Design, a curriculum which combined his interest in land planning and landscape architecture. While attending ASU, Jeff worked at the City of Tempe Community Development Department under Planning Director Don Hull and then with Bill Larson at G. William Larson Associates, a planning and landscape architecture design firm in Fountain Hills, Arizona. After graduating, Jeff continued working with Larson as the company grew into Larson Voss Associates. Working with Bill and his partner Steven Voss, Jeff contributed his talents to several upscale projects that have become some of the most recognized and respected communities in the Phoenix metropolitan area, including Grayhawk, McDowell Mountain Ranch, Estancia and Terravita.

Before rejoining the LVA team again in 2015, Jeff was principal at Tempe-based Drifting Sands Design, where he worked with local and national homebuilders, developers, and private companies planning and coordinating numerous projects throughout Arizona, including several large master planned communities. His list of clients includes Newland Communities, Homelife Communities, Maracay Homes, Element Homes, Waste Management of Arizona, Iberdola Renewables, Gila River Indian Community and the City of Glendale.
